

WAX RECOMMENDATION **TOKO**[®]

Besh Cup (JOQ) #6

Jim Whisenant trails at Birch Hill, Fairbanks, AK

Sunday, February 8

Skate

5K for J2 and all women, 10K for Males J1 and older

Wave start

5K loop

Forecast/Conditions: Saturday, mostly cloudy with a chance of snow, high -5F to 5F. Saturday night, mostly cloudy, low near -15F. Sunday, mostly cloudy with a chance of snow, high near -5F. Clean tracks and very abrasive.

Glidewax: Apply LF Moly/LF Blue mixed 1:1, scrape and brush, then apply HF Blue, sprinkle on Nordlite Powder X-cold, iron in together, scrape and brush. Brush with copper brush and then polish with nylon

Gripwax: N/A

Structure: A cold linear grind will be best for these conditions. The less structure the better.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
