

WAX RECOMMENDATION

AMH Anchorage Cup Hickok Pursuit

Kincaid Park, Anchorage, AK

Sunday, February 15

Noon

12:06 P.M. Relay teams

5K Classic and 5K Skate

Mass start

1 Lap 5K Classic Loop + 1 Lap 5K Skate Loop

Forecast/Conditions: Saturday night mostly cloudy. Lows 15 to 25. Sunday mostly cloudy with chance of snow. High in the 20s. Expect new snow machined with dirty old snow. Some visible dirt on the downhill turns.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth. Check with TOKO in the bunker for updated kick wax recommendation.

Structure: A fine linear structure covered by one pass with the fine-linear wheel of a TOKO structurite tool (before JetStream application) will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
