

WAX RECOMMENDATION **TOKO**[®]

High School Lynx Loppet Skate

Saturday, December 13

Kincaid Park, Anchorage, AK

5K or 6.9K Skate Pursuit

10:30 A.M.

Forecast/Conditions: Friday night, lows 5 to 10 above.

Saturday, highs 15 to 25. The new snow will be groomed again and will be cold and abrasive on race morning. The course will be in great shape.

Glidewax: Apply LF Moly/LF Blue 1:1, scrape and brush. Then apply HF Blue, scrape and brush out well. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush, and buff with a thermopad.

Structure: Universal Cold Linear Stonegrind or one pass with Toko Structurite on Coarse Linear before applying Jetstream.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
