

WAX RECOMMENDATION **TOKO**[®]

HS Region IV Championships

Kincaid Park, Anchorage, AK

Friday, February 20

Noon

Skate, Interval start

Boys 10K, Girls 7.5K, Open 5K

Forecast/Conditions: Thursday night mostly cloudy with a chance of snow. Lows in the low to mid 20s. Possible new snow on Thursday morning. New snow will be mixed with dry transformed snow. Course will be dirty.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A fine linear structure covered by one pass with the fine-linear wheel of a TOKO structurite tool (before JetStream application) will best suit these conditions. If rain, one pass with coarse non linear wheel of TOKO structurite tool.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
