Saturday, February 13

11 A.M. A Teams; 11:02 B Teams; 11:04 C Teams

11:06 D, E, F Teams

4 X 5K Classic Relay, Boy-Girl-Boy-Girl

Mass start by team

1 loop of 5K per racer

Forecast/Conditions: Friday mostly cloudy with possible snow. High in the lower to mid-30s. Friday night chance of snow, low 15 to 25. Saturday slight chance of snow, high in the 30s. New snow possible. Snow on the ground is recent. East side of town is colder.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Check with Toko for kick wax recommendation. This may be a klister race.

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
