

# WAX RECOMMENDATION

## Besh Cup #1 JO Qualifier

Kincaid Park, Anchorage, AK

Saturday, Dec. 19

10 A.M. Qualification Heats

12:20 P.M. to 4:30 P.M. Elimination Heats

1.1K to 1.4K Sprint Loop

Forecast/Conditions: Friday night 0F to -10F. Saturday mostly cloudy with a chance of snow. High 5F to 15F. There is new snow at Kincaid so the course should be in great condition.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, sprinkle on Nordlite Powder X-cold, iron in together, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N / A.

Structure: A fine linear grind covered by one pass with the Blue TOKO Structurite tool (old fine-linear wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
