

# WAX RECOMMENDATION

## High School Lynx Loppett Classic

Kincaid Park, Anchorage, AK

Friday, December 11

1:30 P.M.

5K Classic

Interval start

1 Lap

**Forecast/Conditions:** Thursday high in the lower to mid 20s. Thursday night low 10F to 25F above. Friday high 15 F to 25F. Thin, old, transformed snow (coarse and abrasive). Expect some dirt on hills. No new snow in forecast.

**Glidewax:** Apply LF Moly, scrape and brush, then apply HF Red/HF Blue mixed 1:1, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

**Gripwax:** Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Check with Toko for race day kick recommendation.

**Structure:** A cold universal grind covered by one pass with the Blue TOKO Structurite tool (old fine-linear wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
