Service High School, Anchorage, AK

Saturday, December 3

11 A.M.

1.6K Skate

Sprint qualification followed by heats

One lap of sprint loop

www.anchoragenordicski.com/Racing/HighSchools/raceinfo.htm

Forecast/Conditions: Friday night scattered snow and rain showers then snow showers. Low in the mid-20s to lower 30s.

Saturday periods of rain, high 35 to 45. Expect new snow mixed with transformed wet snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Yellow, scrape and brush. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A wet grind covered by one pass with the Yellow Structurite tool before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
