

WAX RECOMMENDATION **TOKO**[®]

The Great Ski Race

Tahoe Cross Country, Tahoe City, CA

Sunday, March 1

9 A.M.

30K Skate

Wave start

Point to point, Tahoe City to Truckee

Forecast/Conditions: Saturday low of 25, high of 45, mostly cloudy. Sunday morning low of 30, race start 32, high of 46. Cloudy with rain at start/finish and snow up higher on the course, 7000' snow level.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red/HF Yellow mixed 1:1, scrape and brush thoroughly. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and polish with a Thermopad. Old Helx Warm or JetStream High Speed would be good fluoro alternatives.

Gripwax: N/A

Structure: Choose a soft to medium ski with a linear grind or add one pass with the Coarse Linear wheel of the Toko structurite tool (before JetStream application).

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
