

WAX RECOMMENDATION **TOKO**[®]

Snowshoe Thompson Classic and Junior Olympic Qualifier

Auburn Ski Club, Soda Springs, CA

Sunday, December 28

10 A.M.

5K/10K

Interval Start

2 laps

Forecast/Conditions: Saturday low of 22, high of 32, mostly cloudy, 20 percent chance of snow showers, mainly in the evening. Sunday low of 29, race time temperature near 32. Mostly cloudy, 30 percent chance of snow showers.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush, and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper. Iron in Carbon BaseWax Green. Apply 3-4 thin layers of Carbon GripWax Red. Tracks will likely glaze. Err toward a warmer grip wax.

Structure: Medium Flex skis with a Universal or fine linear structure. Cover with one pass of the fine-linear wheel of a Toko structurite tool (before JetStream application).

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
