

WAX RECOMMENDATION **TOKO**[®]

Allan Bard Memorial Classic

Tamarack Lodge XC Centre, Mammoth Lakes, CA

Sunday, February 7

10 A.M.

20K Classic Only

Mass Start

5K Lap

Forecast/Conditions: Saturday low of 20 and high of 28.

Breezy with a 70 percent chance of snow showers. Sunday low of 11, race start 22 and high of 24. Light winds and a 40 percent chance of snow showers. Expect solid tracks and clean, wind-blown snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red/HF Blue mixed 1:1; scrape and brush. Finish by rotocorking JetStream Red (or old Jetstream Moly), brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Then apply 3-5 layers of Carbon GripWax Blue, corking between layers. For more kick add 1-2 layers of Carbon GripWax Viola.

Structure: A Medium to Soft ski with fine linear grind covered by one pass with the Blue TOKO Structurite tool (old fine linear wheel) after JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
