

WAX RECOMMENDATION

Alpenglow Freestyle

Tahoe XC, Tahoe City, CA

Sunday, January 31

10 A.M.

20K Skate

Mass start, 1 Lap

Forecast/Conditions: Saturday low of 24 and high of 34 with a 30 percent chance of snow. Sunday low of 18, 28 at race start and high of 34. Partly cloudy. Expect packed powder and clean snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red/HF Blue mixed 2:1, scrape and brush. Finish by rotocorking JetStream Red (or old Jetstream High Speed), brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A.

Structure: A Medium ski with fine linear grind covered by one 'Light' pass with the Red TOKO Structurite tool (or old medium offset wheel) after JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
