

WAX RECOMMENDATION

ASC Classic Sprint JOQ

Auburn Ski Club, Truckee, CA

Sunday, February 14

10 A.M. Prelims, Noon Heats

1.2K Classic

Forecast/Conditions: Saturday low of 18 with high of 40.

Partly cloudy. Sunday low of 22, race start 28, with daytime high of 39. Mostly clear. Expect firm tracks and clean snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red (or old Jetstream High Speed), brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Check at the Toko wax tables for updated grip wax recommendation.

Structure: A Medium to Soft ski with fine offset grind covered by one pass with the Blue TOKO Structurite tool (old fine linear wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
