

WAX RECOMMENDATION

Latigo Loppet

Latigo Ranch, Kremmling, CO

Sunday, December 21

11 A.M.

7.5K/15K Freestyle

Forecast/Conditions: Saturday, cloudy with snow, high around 12F. Saturday night, snow likely, cloudy with a low around -4F. Sunday, cloudy with a 50 percent chance of snow, low near 4F with high near 12F.

Glidewax: Apply LF Moly scrape and brush, then apply HF Blue and Nordlite X-cold Powder ironed together, scrape and brush well. Finish by rotocorking in JetStream Blue, polish with a dedicated nylon polishing brush and buff with a thermopad.

Gripwax: Sand kick zone with 150 grit sandpaper, then iron in one layer of Carbon Base Green and let cool. Cork 2-3 layers of Carbon Gripwax Mint. Later racers may want to go with Carbon Gripwax White as temperatures increase.

Structure: A fine to a fine-linear stonegrind will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
