Snow Mountain Classic

Snow Mountain Ranch near Granby, CO

Saturday, January 10

10 A.M.

7.5K/15K Classic, 2K kids' race

Mass Start on 7.5km loop

Forecast/Conditions: Weds-Thurs: highs in upper 20's F. Winds 10-30mph with good chance of snow. Friday: 40% chance of snow partly cloudy with high of 30F. Race day: Sunny, low of 2F, highs in the upper 20's F.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue/X-cold powder 1:1, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush, and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper. Iron in Carbon BaseWax Green, smooth with a cork, let cool. Apply 2-3 layers of Carbon GripWax Blue. Look for updates on-site on the TOKO easel.

Structure: Fine stoneground will work best in these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
