

WAX RECOMMENDATION **TOKO**[®]

Aspen Cup Nordic Series #2, Pursuit Day 1

AVSC/AHS trail system, Aspen, CO

Saturday, January 23

11 A.M.

10K/15K Skate

Mass start

Forecast/Conditions: Overnight low of 12 with 21 at the start. Aspen reported 10" of new snow Friday morning with a 70 percent chance of snow Friday night. Expect very soft track conditions.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: Fine grind with 1 pass with the Blue Structurite tool (old fine-linear wheel) prior to JetStream application or Boulder Nordic Sports ZR1 grind will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
