Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
