

WAX RECOMMENDATION **TOKO**[®]

Hoigaards Slush Rush

Elm Creek Park Reserve, Maple Grove, MN

Saturday, March 7

10 A.M.

10K Skate

Forecast/Conditions: Expect a firm base of transformed snow, thin in spots and dirty in spots, unless the 20 percent chance of snow materializes. Friday evening low in the mid-20s, with race time temperature in high 20s. Mostly sunny with a slight breeze.

Glidewax: Apply LF Moly, scrape and brush. Apply HF Moly/HF Red mixed 1:1, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: Make one to two passes with the Toko Structurite course linear bit after brushing out the HF mix.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
