

WAX RECOMMENDATION

Snowflake and Inga-Lami Races

Venue Change: Elm Creek Regional Park, Maple Grove, MN

Saturday, February 14

10.7K Skate

8:30 A.M. Men

9:15 A.M. Women

Forecast/Conditions: Expect a firm pack consisting of icy, granular snow. Friday evening low temperature around 10. Race time temperatures in the low to mid-teens. Mostly sunny with a slight breeze.

Glidewax: Apply LF Moly/LF Blue mixed 1:1, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A universal linear structure covered by one pass with the fine-linear wheel of a TOKO structurite tool after JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
