

WAX RECOMMENDATION **TOKO**[®]

Giants Ridge Invitational - Skate Race

Giants Ridge Golf and Ski Resort, Biwabik, MN

Saturday, January 9

1:30 P.M. Boys, 3 P.M. Girls

5K Skate, single lap Silver Course

Interval start (paired 30-second)

Forecast/Conditions: Overnight low of -15F rising to 11F at Boys start and 15F at Girls start. Expect machine worked snow. No new snow expected leading up to or during the race.

Glidewax: Apply LF Blue/LF Moly mixed 1:1, scrape and brush, then apply HF Blue, sprinkle on Nordlite Powder X-cold, iron in together, scrape and brush. Finish by rotocorking JetStream Blue, brushing with a dedicated nylon polishing brush, and polish with a thermopad.

Gripwax: N/A

Structure: A fine linear grind covered by one pass with the Blue TOKO Structurite tool (old fine-linear wheel) before JetStream application will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
