

WAX RECOMMENDATION **TOKO**[®]

Nub's Nob FS

Harbor Springs, MI

Saturday January 5

10K Free

Race Start 10AM

Mass Start, multi-lap

Forecast/Conditions: Forecast has changed significantly. Lo last night was 31 instead of 23. Temps will climb to mid 30's today and stay there throughout the night. Temp at race time will be mid 30's and 100% RH. Chance of freezing rain. Race temp is now forecast to be 42.

Glidewax: Apply LF Moly scrape and brush, then apply HF Red/HF Yellow, mixed 1:1, scrape and brush. Finish by applying HelX Warm, allowing to dry, and finally, buff with a Dual Pad.

Gripwax: NA

Structure: A fine structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HelX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
