

WAX RECOMMENDATION

City of Lakes Pre-loppet

Theodore Wirth Park, Minneapolis, MN

Saturday January 5

15k Free

Race Start 9AM

Forecast/Conditions: Friday night low of 22F and partly cloudy. Saturday high of 36f, partly cloudy.

Glidewax: Apply LF Moly scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Moly, polishing well with a dedicated nylon polishing brush, and finally, buff with a thermopad. HelX Cold would make an excellent alternative to JetStream.

Gripwax: NA

Structure: A universal structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HelX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
