

WAX RECOMMENDATION **TOKO**[®]

Marshall Sprints

Hidden Valley Ski Trail, Ely, MN

Saturday, January 21

11 A.M. Qualifiers, Noon Consolation Race (3.3K Mass start)

12:30 P.M. Heats

1.2K Freestyle Sprint

marshallnordic.org/races-on-the-marshall-ski-trails/8th-annual-marshall-sprints

Forecast/Conditions: Partly cloudy Friday night with a low around -14F. A 20 percent chance of snow Saturday. Partly sunny, with qualification time temperature near 4F rising to a high near 12. Expect packed powder and firm track.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, sprinkle on Nordlite Powder X-cold, iron in together, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A very fine linear structure with no additional structure added will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
