Giants Ridge Invitational - Classic Race

Giants Ridge Golf and Ski Resort, Biwabik, MN

Saturday, January 7

10 A.M. Boys, 11:15 A.M. Girls

Interval Start (Paired 30-second)

5K Classic, 2 laps x 2.6K

Start lists and results: <http://itiming.com>

Forecast/Conditions: Cloudy with a low around 20 overnight and a slight chance of snow. Scattered flurries and mostly cloudy Saturday with race time temperature 21-23. Expect manmade snow over the entire course with 2-3 shallow tracks.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue/HF Moly mixed 1:1, scrape and brush. Finish by rotocorking JetStream Blue/JetStream Red mixed 1:1, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 2-4 additional layers of Nordic Base Wax Green, corking between layers. Keep the layers short and adjust their number based on the stiffness of the ski.

Structure: A universal grind covered by one pass with the Red Structurite tool before JetStream application will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
