

WAX RECOMMENDATION

ABR Trails Freestyle

ABR Trails, Ironwood, MI

Sunday December 16, 2007

5K or 12K Freestyle

Race Start 9:00AM for 5K, 11:00AM for 12K

Forecast/Conditions: Saturday night's low around 8F with Sunday afternoon's high around 20F. Expect machined worked and packed powder.

Glidewax: Apply LF Moly/LF Blue (1:1 mix), scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream High Speed Moly, polish well with a dedicated nylon polishing brush, and finally buff with a thermopad.

Gripwax: N/A

Structure: A fine to universal stonegrind will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
