

# WAX RECOMMENDATION

## Peter Westra Memorial Sprints

Trollhaugen/Troll Hollow, Dresser, Wis.

Friday December 7, 2007

1K Skate Sprint

Race Start 4:30PM

Forecast/Conditions: Thursday evening...Chance of precipitation 75% .Lows in the high teens.....Friday...Temperatures dropping to low teens to high single digits near race time.

Glidewax: Apply LF Moly scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Moly, brushing with a dedicated nylon polishing brush and polishing with a thermopad.

Gripwax: NA

Structure: A fine to a fine-linear stonegrind will best suit these conditions.

Check the Waxtip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
