

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## Sibley Ski Tour

Lake Mary Louise, Ontario, Canada

Saturday, March 1

10K, 20K, 50K Freestyle

10:00am EST

Forecast/Conditions: **Friday**... 70% chance of snow showers with a high near 26F. **Friday Night**...Mostly cloudy, with a low around 2F. **Saturday**...Mostly cloudy with a chance of snow showers, with an afternoon high of around 24F.

Glidewax: Apply LF Moly, scrape and brush. Then apply HF Blue, scrape and brush. Finish by rotocorking Jetstream Moly, brushing afterwards with a dedicated nylon polishing brush, and finally, polish with a Thermopad..

Gripwax: N/A

Structure: A cold stonegrind will best suit these conditions.

Racing - Service

---

Check the Waxtip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork as the expense of durability.
