

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **CNGB Championships**

Ethan Allen Firing Range, Jericho, VT

Wednesday, March 4

10 A.M.

20K Individual Men, 15K Individual Women

Interval start

Multiple laps

Forecast/Conditions: Overnight lows near 6F, high of 24. Snow temp will remain colder at start with little warming for later starts. The track will be groomed and worked-over older snow mixed with some new snow from the previous days.

Glidewax: Apply LF Blue/LF Moly mixed 1:1, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A fine linear (cold) grind will best suit these conditions.

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
