

WAX RECOMMENDATION **TOKO**[®]

NH Series Race 1

White Mtn Regional High School, Whitefield, NH

Saturday, January 10

10:30 A.M.

5K Skate

Wave Start, 645 Skiers

Forecast/Conditions: Overnight low of -2, temp at start will be about 10. Course will have new snow with sharp hard crystals over a soft track. There will be cloud cover, with a 50% possibility of snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush, and polish with a thermopad.

Gripwax: N/A

Structure: A fine stonegrind will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
