

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **TD Banknorth Rumford SuperTour Classic Sprint**

Black Mountain, Rumford, ME

Wednesday, February 4

1.4K/1.7K Classic Sprint

10 A.M. Qualifiers

1:30 P.M. Heats

Forecast/Conditions: Overnight low of 7F, temp at start will be about 17F. Expect a mixture of older/transformed snow with a 20 percent possibility of new snow, over a hard track. There will be cloud cover.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper. Iron in Carbon BaseWax Green, cork smooth, let cool. Check with TOKO Tech Team race support for kick wax selection.

Structure: A fine grind will best suit these conditions.

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
