

WAX RECOMMENDATION

Valentine's Day Paintball Race

Gunstock Nordic Center, Gilford, NH

Sunday, February 15

10 A.M.

Skate

Interval start, 50 to 75 skiers

2+ loops

Forecast/Conditions: Saturday, clear, low 13. Sunday, partly cloudy, high 34. Snow temp will be high teens warming to mid 20s by noon. Hard granular base.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: NA

Structure: A universal structure will best suit these course conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
