

WAX RECOMMENDATION

10th Annual Ichebod's Revenge

Sleepy Hollow Ski Center, Huntington, VT

Sunday, February 14

11 A.M.

10K Classic

Mass Start

2 laps

Forecast/Conditions: Saturday overnight low 17. Sunday high temperature 28 with a 40 percent chance of snow. Snow temperature at start in the low 20s. Snow will be packed powder.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Then apply 3 layers of Carbon GripWax Viola, corking between layers.

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
