

# WAX RECOMMENDATION

## Atomic Sprints at Great Glen

Great Glen Trails, Gorham, NH

Saturday, Dec. 12

Noon

1K Freestyle Sprint

Wave starts. See website for registration:

<http://greatglentrails.com/Page-349.html>

Forecast/Conditions: Overnight low of 13 with chance of snow showers. High winds. Temperature at start in high teens with fresh snow likely. Windy with low windchills.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue/HF Red mixed 1:1, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A.

Structure: A universal grind covered by one pass with the Blue TOKO Structurite tool (old fine linear wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
