

WAX RECOMMENDATION

Craftsbury Opener

Craftsbury Outdoor Center, Craftsbury, VT

Saturday, Dec. 12

10 A.M.

10K Skate

Interval start

2 loops

Forecast/Conditions: Friday night low 7 F. Temperature at start in the mid-teens, cloudy. Chance of snow Thursday and Friday. Should be a packed powder surface.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A fine linear grind covered by one pass with the Blue TOKO Structurite tool (old fine-linear wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
