

WAX RECOMMENDATION

Geschmossel Classic Ski Race

Bretton Woods Nordic Center, Bretton Woods, NH

Monday, January 18

11 A.M.

15K Classic

Mass Start

1 Lap

Forecast/Conditions: Sunday night cloudy with a low of 18.

Saturday cloudy with a high in the upper 20s. Snow is a mix of semi-transformed and windblown powder.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 180 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Then apply 2 layers of Carbon BaseWax Green, cover with one layer of GripWax Viola, corking between layers.

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
