

WAX RECOMMENDATION

Grafton BKL Race

Grafton Touring Center, Grafton, VT

Sunday, January 24

10 A.M.

Forecast/Conditions: Saturday night, mostly clear with low around 8 F. Sunday high near 35. Chance of precipitation is 30 percent.

Glidewax: Apply LF Moly scrape and brush, then apply System 3 Yellow. Scrape and brush.

Gripwax: NA

Structure: One pass with the Yellow TOKO Structurite tool (old coarse offset wheel) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
