11 A.M. J2 Boys; 11:30 A.M. J2 Girls; Noon Women;

1:30 P.M. Men.

Note technique and location change!

5k CLASSIC for J2s; 10K CLASSIC for Women and Men.

Interval start

5K loop

Forecast/Conditions: Friday night partly cloudy with a low of 20. Saturday partly cloudy with a high in the mid-30s.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red/HF Yellow mixed 1:1, scrape and brush. Finish by rotocorking JetStream Red/JetStream Yellow mixed 1:1, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: See Toko Tech Team members on site for suggestions. Wax will change for each race as temperature rises.

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
