

# WAX RECOMMENDATION

## Jackson XC Groomed Trail Challenge

Jackson Touring Center, Jackson, NH

Sunday, February 21

The goal is to ski as many Ks as possible between 6:30 A.M. and 5:30 P.M. Awards will be based upon percent of 130K skied. Registration opens at 6:00 am. \$10 entry to benefit Jackson Grammar School XC Program.

[www.jacksonxc.org](http://www.jacksonxc.org)

Forecast/Conditions: Saturday night partly cloudy with low around 14. Sunday partly sunny with a high near 31.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon Klister Base Green, cork smooth and let cool. Start with Carbon GripWax Blue in the early morning hours, then shift to GripWax Viola and then to GripWax Red as temperatures rise.

Structure: One pass with TOKO Structurite tool using Red wheel (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
