

WAX RECOMMENDATION

U.S. Ski-Orienteering Championships

Morse Farm, Montpelier, VT

Thursday, February 11

Noon

Forecast/Conditions: Wednesday night low of 18. Thursday cloudy with highs in the mid 20s.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A fine broken structure covered by one pass with the fine-broken wheel or the Red wheel of a TOKO structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
