

WAX RECOMMENDATION

BKL Classic Race

Rikert Ski Touring Center, Middlebury, VT

Sunday, January 24

Noon

Forecast/Conditions: Saturday night, mostly clear with low around 10. Sunday, a 30 percent chance of snow, high near 32.

Glidewax: Apply LF Moly scrape and brush, then apply System 3 Yellow/Red mixed 1:1. Scrape and brush.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Expect to then apply several layers of either Carbon GripWax Red or Yellow, corking between layers.

Structure: One pass with the Yellow TOKO Structurite tool (old coarse offset wheel) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
