

WAX RECOMMENDATION

Ski to the Clouds

Great Glen Trails Outdoor Center, Gorham, NH

Sunday, March 7

10 A.M.

10K Skate

Mass start, Point-to-Point uphill race

Forecast/Conditions: Saturday will be clear with a low in high teens. Sunday will be clear, high in the low 30s. The snow temperature at race time will be mid 20s. Course has 2,200 feet of climbing.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
