

# WAX RECOMMENDATION

## **NYSPHSAA Distance Skate Race**

Harriet Hollister Spencer State Park, Dansville, NY

Tuesday, February 23

10 A.M.

10K Men, 7.5K Women

Interval Start

2 Laps

Forecast/Conditions: Overnight low 22, temperature at start 25. Expect packed powder, cloudy skies, 60 percent chance of snow during race.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Yellow/HF Red mixed 1:1, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: One pass with the red wheel of a TOKO structurite tool (before JetStream application) will create a medium offset structure that will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
