

WAX RECOMMENDATION

3rd Annual Valentines Paintball Biathlon

Gunstock Mountain, Gilford, NH

Sunday, February 14

10 A.M.

3 x 2.5K Skate

Forecast/Conditions: Saturday night cloudy with a low of 12. Sunday sunny with a high in the low 30s. Mix of artificial and a little new snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Moly/HF Yellow mixed 1:1, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A universal grind covered by one pass with the Red TOKO Structurite tool (old medium offset wheel) before JetStream application will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
