

# WAX RECOMMENDATION

## Stowe Nordic BKL Mini-Marathon

Stowe Mountain Resort Touring Center, Stowe, VT

Sunday, January 10

10 A.M.

15K/25K Classic

Mass start

2 loops

Forecast/Conditions: Saturday night low -5 F. Sunday mostly sunny with a high in the teens, snow temperature at start about 0 F. The track should have a good base and have a snowmachine packed powder surface.

Glidewax: Apply LF Moly/LF Blue mixed 1:1, scrape and brush, then apply LF Blue, scrape and brush.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Then apply 2 layers of Carbon GripWax Mint, corking between layers.

Structure: A fine linear grind covered by one pass with the Blue TOKO Structurite tool (old fine-linear wheel) will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
