

WAX RECOMMENDATION

TD Bank Eastern Cup Opener

Craftsbury Outdoor Center, Craftsbury, VT

Saturday, December 17

10 A.M. 1.4K Sprint; 1:30 P.M. 3K Prologue

Classic

Interval start: 15 second for sprint, 30 second for prologue

1 loop for sprint, 2 loops for prologue

Forecast/Conditions: Friday night cloudy with a low of 15.

Saturday partly cloudy with a high of 26. Loop is man-made snow with possibly 1 inch of natural snow mixed in.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue/HF Red mixed 1:1, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Nordic Base Wax Green, cork smooth, let cool. Then apply 3 more layers of Nordic Base Wax Green, corking between layers.

Structure: A fine linear structure covered by one pass with the Blue Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
