

WAX RECOMMENDATION

TD Bank Pine Tree Eastern Cup

Titcomb Mountain, Farmington, ME

Sunday, January 15

10 A.M. J2 boys, 10:30 A.M. J2 girls 5K Skate

11 A.M. women, noon men 8.5K Skate

1.4K loop, 3 loops for J2s, 6 loops for others

Interval start

Forecast/Conditions: Saturday clear with a low of -2F.

Sunday sunny with a high of 14.

Glidewax: Apply LF Moly and LF Blue mixed 1:1, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: NA

Structure: A fine linear grind covered by one pass with the Blue Structurite tool before JetStream application will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
