

WAX RECOMMENDATION **TOKO**[®]

Craftsbury Opener

Craftsbury, VT

Sunday December 9

10K Skate Interval Start

Race Start 10AM

Forecast/Conditions: Forecast: Saturday: chance of snow, Hi about 29 F, Low: 1 F. Sunday, 30% chance of snow, Hi about 17 F.
Track conditions: The track is mostly in the woods, and rolling. It has been snowing for the last 2 weeks and the trail has a good 6 in. base, the loop will be 5 km long.

Glidewax: Apply LF Moly, scrape and brush. Follow by applying HF Blue, scrape and brush. Finish by rotocorking JetStream Moly, brushing with a dedicated nylon polishing brush and polishing with a thermopad..

Gripwax: NA

Structure: A universal stonegrind will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (Helix, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
