

WAX RECOMMENDATION

Eastern J2 Championships and National Invitational

Jackson Ski Touring Foundation, Jackson, NH

Sunday March 9

10:00 AM Start

4x2k mixed gender and style relay.

Forecast/Conditions: Saturday Night: Snow, freezing rain, or sleet likely. Cloudy, with a low around 6. Chance of precipitation is 60%. Sunday: Mostly sunny, with a high near 25.

Glidewax: Apply LF Moly scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream HighSpeed, brushing with a dedicated nylon polishing brush, and finally, polish with a thermopad.

Gripwax: Roughen kick zone with 180 grit sandpaper, and iron in TOKO base Green Binder. Cover with TOKO Carbon Gripwax Blue.

Structure: A fine (AM), and coarse linear (PM) structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
