

WAX RECOMMENDATION **TOKO**[®]

Hanel Loop Race Series

Mt Hood Meadows, OR

Sunday, February 22

10 A.M. Mass start

10K Skate

Forecast/Conditions: Saturday night low 28, snow likely.
Sunday high 33, snow likely.

Glidewax: Apply LF Moly, scrape and brush. Apply HF Yellow, scrape and brush. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and buff with a thermopad.

Gripwax: N/A

Structure: Coarse offset structure or two passes with Toko Structurite on Coarse Offset before ironing in the HF layer will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advise on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Y, R, or B). Additionally, for those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
