

WAX RECOMMENDATION

Tour de Meissner

Meissner Snow Park, near Bend, OR

Saturday, March 6

9:30 A.M.

14K/22K Classic

Mass Start

7K lap

Forecast/Conditions: Friday night low 26, mostly cloudy.
Saturday high 46, partly sunny.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Yellow, scrape and brush. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, apply Carbon Klister Base Green, let cool. Then apply Carbon Klister Orange.

Structure: A coarse offset structure covered by one pass with the Yellow wheel of a TOKO Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
